Interns are immensely helpful to the operations of camp. They are learning leadership skills and using them in different aspects of the camp program. Each Intern commits to a one year program, with three years programs available. Your gifts toward **intern expenses** cover:

- Salary, taxes and program expenses. See newsletters for current intern list.

Hired workers join our volunteers in working with our campers. These workers are summer missionaries who receive support from concerned individuals, allowing them to work at Camp Charis instead of some other summer job. Your gifts toward **summer worker expenses** cover:
